## MANTOU CAVE

"Mantou" in the Cherokee Indian language means "The Great Spirit" and it was because the Indians thought this giant hole in the ground housed a God who controlled the forces of nature that Mantou Cave was so named. This Cave, which is located at Fort Payne in extreme North-east Alabama, dates back over 100,000,000 years geologically and is one of this State's most beautiful tourist attractions.

Mantou Cave is rich in history too for ancient Indian folkore to the mid-19th Century when this section of Alabama promised to have in abundance iron ore and other minerals. Inside this underground "city" a trained guide will point out Indian writings, places where Confederate soldiers lived and a ninety-six foot ballroom where dances were held in the 1890's. In this huge room hundreds of candles were placed on rocks and in the walls to provide light for these festive occasions. Many of the candleholders can still be seen.

When I visited Mantou recently Myron Raymond, whose family owns and runs it, took me on a tour of this "Magic Wonderland" and I was astounded at what

is available to every Alabamian and visitor to our beautiful State. Here are a few of the things I saw. The Natural Bridge - just one of several natural spans above Cherokee Pass, Rainbow Lake - a colorful lake created by a dam which was constructed in 1889. The Haystack - a huge stalagmite estimated to be 184 million years old, and literally dozens of large rooms connected by great halls with ceilings from twenty to sixty feet high, and more than four hundred feet of safe, sturdy steel bridges providing passage over the many streams and canyons within the cave.

Abundant indirect lighting along wide, dry paths makes a trip through Mantou Cave enjoyable and comfortable for young and old, and no matter if your visit is in summer or winter the temperature inside remains at a comfortable level. So, if you are looking for an interesting place to take your family try Mantou Cave. You will find the entrance at the base of historic Lookout Mountain just six blocks off U. S. 11 in the City of Fort Payne. There is also ample parking for your car and a beautiful setting of natural surroundings.

Before starting out stop by your local service station for a free map of Alabama and directions of the best routes to any of this State's interesting tourist attractions.

## THROUGH THE KEYHOLE

BY MRS. ROBERT CANNON

A LETTER TO MICHAEL—There is an old folks' home that includes the lines "All day, all night, angles watching over me, my Lord" and we know now for whom they must have been written. For it was obvious to all that four angels stood guard over the little metal bed that was yours for those long 32 days in University Hospital. And we are humbled by the enormity of their task, in bringing you home so safely after heart surgery, a second major operation, chicken pox and a virus infection. They must be tired little angels today.

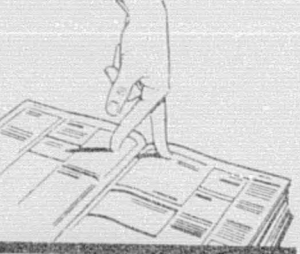

We are grateful to you for proving beyond doubt the greatness of heart of the people of Elba. We marvelled at the oneness of thought and spirit that stayed with you during all those days keeping a spiritual candle burning. And we know that all of your life we shall each feel a personal interest in everything you do, for you have become our little boy. So, welcome home, dear boy, I would add, "God bless you," but he already has.

THINGS are picking up at the Whitley's house with the arrival of daughter Myrtle and daughters three from Libya, Myrtle and Quinton Helms have been abroad for three years and are now ready to enjoy the pleasures of home. Staff Sgt. Helms will be stationed in Elsworth, North Dakota, but Myrtle plans to remain here for the remainder of this school term. Phyllis, Debbie, and Sandra are having a grand time getting re-acquainted with Uncle Bart's children.

CONCERN was expressed by all of us last week for the recovery of Al, three year old son of Ann and Wallace Miller of Enterprise, who was hospitalized for pneumonia following a cold of the measles. At this writing, we had heard from Al's grandmother, Mrs. Roy Watkins, who felt that Al was

## ALL FED UP

feeling better. We hope he will be at home when this goes to press and playing happily.

IT IS GRATIFYING to have our home town boys and girls recognized and rewarded by larger organizations in the "outside world." And so we were especially pleased to learn of Janet Warr's being selected as Chi Omega Sorority's "Ideal Initiate."

This is the single, greatest honor conferred upon a pledge by the sorority and denotes to everyone that this is the kind of girl they would like all their pledges to be. Can anything nicer be said?

Janet, daughter of Irma and Milton Warr, is a sophomore at the University. She is a member of the Sophomore Council and was recently honored by her "Sisters" by being invited to move into the sorority house, a privilege usually reserved for juniors and seniors. Janet's freshman year was spent at Sullins College in Bristol, Virginia where she was a member of the Student Council Judiciary Board and a member of the Sullins Players.

Last week, Janet was one of the finalists for the S.P.E. Fraternity "Queen of Hearts" title. Wearing a gown of periwinkle blue with matching shoes, she attended elaborate parties at that fraternity.

So we are quite proud of Janet and are gratified that those elsewhere find her as sweet and wholesome as we do.

WE ARE LOOKING FORWARD to television tonight, March 14, when Mary Badiam will appear on the "Dr. Kildare" show. Mary is the Birmingham, Alabama girl who plays the feminine lead, "Sport," in "To Kill a Mockingbird." She has been nominated for an Academy Award for her role in that film and has already received other accolades. In recent interviews, Mary's mother has stated that her daughter will

Guntersville Lake, formed by Guntersville Dam as a part of the power, navigation and flood control program in the Tennessee Valley, covers 70,000 acres and has a 900 mile shoreline, making it one of the largest in the South. This vast haven is a fisherman's paradise just brimming full of all types of fresh water fish.

Guntersville is endowed with an abundance of fish camps, camp sites, parks and excellent cottages, hotels and motels. Also, if you are interested in other sights, as I was, you will want to drive north to Grant and visit Catfish Caverns, the "World's Most Spectacular Cavern." It is located eight miles off U. S. 431.

The family that chooses Guntersville for a weekend trip, or a two-week vacation, will find more to do than time will permit and a town full of friendly people who will help make your stay there a pleasant one.

Remember to always have your car serviced regularly at your local service station. You'll find traveling more fun if you do.

### GUNTERSVILLE... A FISHERMAN'S PARADISE

As the first robins appear and the peach trees start budding, it is evident that Old Man Winter can't last much longer and spring is on its way. This is the time of year that most people start thinking of really "getting away" for the weekend to some nice vacation spot to relax and rest. Those of us who live in Alabama are fortunate indeed to have so many suitable places to choose from.

Take Guntersville for instance. During my travels over this State I can truthfully say I have never found a spot that offered more. Many offer as much to the tourist or traveler, but not any more. The recreation facilities at this North Alabama town are so numerous I could fill an entire page and never include them all.

Guntersville Lake, known nationally as "The South's Most Beautiful Lake," provides a variety of tempting activities including fishing, water skiing, sailing and swimming. From an entertainment standpoint there are many boat races each year including attempts to set national and international speed records. For those of us who like our recreation in quieter doses, there is sun bathing, horseback riding and sailing on a beautiful lighted course.

Guntersville Lake, formed by Guntersville Dam as a part of the power, navigation and flood control program in the Tennessee Valley, covers 70,000 acres and has a 900 mile shoreline, making it one of the largest in the South. ## Social Security Manager Advises Retirees

Harry N. Scott, social security district manager in Dothan, offered a few tips today on how to get your first social security check when it is due.

If you are nearing retirement, Mr. Scott suggests that you get in touch with your social security office, and take some proof of your age with you. Have a member of his staff examine whatever proof you may have to see if it will be acceptable when you do retire.

Should you need better evidence of your date of birth, you will be given information to help you get that additional evidence.

If you are within three months of retirement age, the social security office can take your application

for benefits now. Go to the social security office and take with you proof of your age and your social security card, of course.

Mr. Scott said that even though you are still working and are 65 years old, you can apply at any time. Many people think that you have to retire completely to get any benefit. This is not true, Mr. Scott said.

gasoline in every 87. Then change to RPM Motor Oils, the deposit-free oils with the amazing ashless detergent that almost halts engine wear! Choose from RPM Special and RPM Supreme—two great oils. Both are high-detergent. Both clean engine parts as you drive, keep your engine young. You'll find that RPM in your crankcase means long-running mileage, better protection for your car. One try tells why Standard products are Dixie's favorites!

## SOCIETY NEWS SECTION

MRS. WILL KENDRICK, SOCIETY EDITOR PHONE 897-2785

### Ada Marley Circle Met Monday

The Ada Marley Circle of the Methodist Woman's Society of Christian Service met Monday afternoon with Mrs. W.R. Crook, Mrs. F.H. Murphy, president, Mrs. R.A. Sewell gave the devotion. Her Scripture selection was First Corinthians, Chapter 13.

The program subject was "Those Handicapped by Emotional Disturbances." Mrs. Fred Johnson was program leader. Mrs. F.H. Murphy talked on "Alcoholism," Mrs. Duke Tatum Sr. on "Drug Addiction," and Mrs. R.J. Lawrence on "Mental Health and Retarded Children."

The hostess served a dessert plate to those already named and Mrs. J.M. Buchanan, Mrs. Dan Parker, Mrs. Joe Tyler, Mrs. Roy Watkins, Mrs. E.D. Brazelton and one visitor, Mrs. Price Ringo.

### Mrs. Kendrick Elected Prexy Of Study Club

Mrs. W.C. Braswell and Miss Eunora Farris were the hostesses to the Elba Study Club Wednesday afternoon at the home of the former.

During the business session, conducted by Miss Lillie Harper, the club voted to contribute one garbage can to the clean-up campaign which is being sponsored by the Azalea Garden Club.

The following new officers were announced: Mrs. T.D. Kendrick, president; Mrs. Fox Brunson, vice-president; Mrs. J.M. Kimrey, recording secretary; Miss Mabel Brunson, corresponding secretary; Miss Lillie Harper, treasurer; Miss Eunora Farris, historian, and Mrs. F.A. Farris, parliamentarian.

The program theme was "Education Is A Better Defense of Liberty than a Standing Army." Mrs. F.H. Murphy gave an interesting paper on

and is employed at the Piggly Wiggly in Elba. Mr. Kelley attended New Brookton High School and is employed at Redmon's in Enterprise.

The marriage will take place March 16 at the home of the bride's parents.

The bride-elect is a graduate of Elba High School.

"How Firm A Foundation." The hostesses served a dessert course to 14 other members attending.

Mrs. Sara Crews, of Goodwater, visited relatives in Elba last week.

Mrs. George Wise was hostess to the Bantley Road Sewing Club Wednesday afternoon. Lovely arrangements of mixed spring flowers in the living room made a pretty setting for an afternoon of visiting and sewing.

A delicious salad plate was served. Those present were Mrs. Flumoy Whitman, Mrs. T.T. Rhodes, Mrs. Mayo Prescott, Mrs. Wayland Bryan, Mrs. D.S. Bryan, Mrs. W.R. Crook, and the hostess.

Mrs. and Mrs. Jim Whitman and Mr. and Mrs. Colon Whitman were guests of Mr. Duddy Whitman at F.S.U. in Tallahassee, Florida Saturday and Sunday.

Mrs. and Mrs. A.T. McRae attended a dinner meeting of the area leadership of Alabama Colleges in Ozark Friday evening. The meeting was held at the Carroll High School Cafeteria and approximately 150 guests attended. College presidents from Troy State College, the University of Alabama, Auburn University and Alabama College participated.

Mrs. and Mrs. Leon Brunson and daughter have recently purchased and moved into a new home on Riverview Drive.

Mrs. and Mrs. Cleo Hawkins are visiting Mr. and Mrs. J.M. Andrews and family in Birmingham this week. Mrs. Hawkins is also attending sessions of A.E.A. Convention.

Mrs. James English is visiting her son-in-law and daughter, Minister and Mrs. George Herring, in Montgomery.

Mrs. and Mrs. Don Dye and Mr. and Mrs. Rowe Bowers of Damascus Community, were guests of Mr. and Mrs. Edgar Vaughan Sunday.

courage was the orchid from her bridal bouquet. The couple will make their home in Phenix City, Alabama.

The out-of-town guests for the wedding included: Mrs. Claudine Phillips, Mrs. Peggy Carter, Ann and Bill of Kingstree, S.C., Mrs. Ernest Reeves and Claudette of Fort Benning, Ga., Mrs. Minnie Moseley, Augusta.

MR. AND MRS. EDWARD EARL PHILLIPS RECENTLY WED

### Miss Cobb Marries Edward Phillips Of Kinston, Alabama

The marriage of Miss Annie Pearl Cobb and Edward Earl Phillips took place January 27, 1963, in the Lockhart Baptist Church, Lockhart, Alabama.

Reverend T. A. Coleman, pastor of the church, performed the ceremony. The bride is the daughter of Mr. and Mrs. Bartlett L. Cobb of Lockhart and the groom is the son of Mr. and Mrs. Ocie Phillips of Kinston, Alabama.

Nuptial music was presented by Mrs. Robert Lawson and John Ray, vocalist. Given in marriage by her father, the bride wore a gown of white tulle with a long train and a full chapel train. Her accessories were a corsage of white carnations and a white feathered mumm.

Robert Russell was best man and usher. Jimmy Hornsby and Robert McDaniell were ring bearers. Following the ceremony, a reception was held in the church parlor.

For the wedding trip, the bride changed to a blue linen weave suit with black and white patterned accessories. Her accessories were a corsage of white carnations and a white feathered mumm.

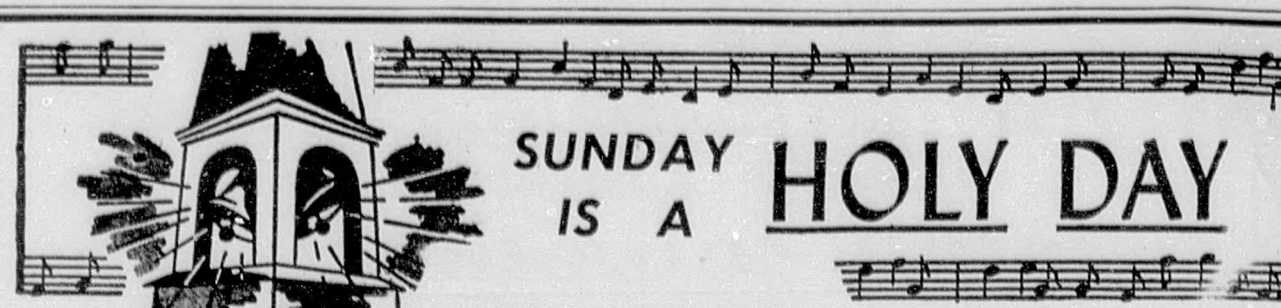

The groom's mother wore a beige brocade dress with short matching jacket. Her accessories were in harmonizing shades of beige and she wore a corsage of white carnations.

A reception followed the ceremony in home of the bride at Seminole Avenue in Lockhart.

Mrs. Cathell Turner, Mrs. Clarence Baker, Mrs. Billy Phillips and Mrs. Jack Smith, of Kinston, Alabama, served at the bride's table and Mrs. Martin Thompson, of Mobile, presided over the guest book.

For the wedding trip to the Gulf Coast, the bride changed to a suit of blue in two shades of grey with matching shell and boxer jacket. Her accessories were black patent.

The couple is at home in Homestead, Florida where the groom is employed by the Florida State Inspection Service.

## ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

THE CHURCH FOR ALL... ALL FOR THE CHURCH

### What's Inside?

WHAT MAGIC INGREDIENTS DO THESE BOTTLES CONTAIN? Do they hold harmful, injurious poisons? Or are they filled with healing medicines and vitamins? Will they inflict pain, or will they cure disease?

But what does it matter? If the contents are bad, we can pour them out. But the minds of children is an entirely different matter. A small human being can be filled with selfishness and hate, or he can be filled with sincerity and love. Unfortunately, evil is more quickly dispelled from a bottle than from the soul of a child. For in the human mind bad thoughts can grow, and as time goes on, it is more difficult to replace them with truth and love.

That is why it is so important to instill within our children a sense of right and wrong at an early age. Of course, by example, "you" can be a tremendous influence. But you need the help of your church—the wisdom of Christ's teachings. With them, you can fill your heart with the essential ingredients for a happy and fruitful life.

Montgomery — Mounting evidence indicates that while Gov. George Wallace's proposed \$100-million road bond issue without taxes will sail through the Legislature, the Administration's minimum \$25-million education program is in for a rough time. Politicians here take the view that the special session for the Highway program should last no more than 10 days. And while Wallace is hopeful the lawmakers will solve the "where's-the-money" problem before the Regular Session, May 13, there appears little likelihood anything will be passed before that date.

Political aides of Wallace claim if the road bond issue is not passed by March 24 there more than likely will be none approved. Already, wide-areas are confident a move is afoot by several Senators to employ delaying tactics to slow down early passage of the \$100-million issue.

Observers agree the Administration's highway program won't pass until "certain unhappy legislators" and Wallace get together and "the promise to build roads in their respective cities and counties." However, present predictions are "agreements" will be reached quickly, and the bond issue will pass with "few strings attached."

Appraisers are placing together an entirely different picture of the education fight. The only way the Administration can pass a swift educational

appropriation bill would be through the constitutional amendment method. Such would mean a vote by the people. Thus, expectations are the folks would be hesitant in voting a tax on themselves; therefore, it appears highly doubtful a special session for education can be concluded before the Regular Session.

Meanwhile, top Wallace advisors feel if a minimum program of \$25 million per year for schools cannot be passed in about six weeks, it will not have been time for tax measures to acquire the full proposal. "The \$51-million figure was cut to the bone. We didn't ask for any more money than our school systems actually need," it was explained.

It is further believed that Wallace is "really sincere" in passing his minimum education program. His leaders will have to "promise—promise—promise" but that if not, little activity will be seen from the governor's forces.

There is general agreement only a one-session tax would "get the education job done."

However, while there is some sentiment by many of the small county lawmakers for a sort of symphony, there is little hope for the measure getting through the Senate. But some what more sessions should be interesting to watch.

One possible fear Wallace aides foresee if the governor doesn't take a definite stand on education taxes right off the bat is

that when the House Ways and Means Committee starts pushing out tax measures the press will be writing daily about taxes-for-this-and-taxes-for-that and in the final analysis, when and if a tax is passed, the people "will have become so tax conscious they might feel Wallace is passing taxes on everything."

There's no doubt such an image could politically hurt Wallace.

Meanwhile, the state's school leaders are gearing for a real fight to get their full \$51 million appropriation. The House-Senate Interim Committee on Finance recommended \$25-million for education.

These educators feel they can do better than the recommended \$25-million, and are confident most of the legislators would vote for tax measures to acquire the full proposal.

Governor George C. Wallace sets political precedent of Alabama State government by authorizing creation of a Governor's Youth Council. Bill Shamblin, President Alabama Association of Student Councils, is shown above accepting this youth participation proposal for the youth of Alabama from Governor Wallace.

was called on to give the tag number, I would have to call the records department in the county seat. What I should do is to write the tag number down on the wall right over the telephone, which is far easier than trying to remember all of those crazy figures. In case my car is stolen while I'm off on a trip, I can call home and get the tag number. The operator can generally tell me my phone number. There is something else I want the psychiatrist to explain to me and that is why people like to tell me their troubles. There must be something about my eyes that have a sort of sympathetic look. Even strangers will break down and reveal all of their trials and tribulations, their marital problems, their worries about their health, their fear of their shortcomings and their sins. I never encourage them to keep on talking, but they do, and I just sit there and listen and look real sad and sympathetic. I have watery eyes anyway, caused from hay fever, and when they see moisture forming they shift into the passive gear and really get going. The only thing that'll make me cry is to see each other on the back and saying as how everything is going to be all right. What I want a psychiatrist to do is to tell me what to do to keep from having

those outlandish scenes. Maybe, too, the psychiatrist might like to study me to find out how I can put things off until tomorrow. Lots of people are able to do it, but then when they get home at night they start worrying about all the things they have put off and they can't sleep. Actually, my secret is very simple. I also put off the worrying until the next night and it works real good. I reckon right now, that I have as much worry trying to catch up on, one of these days, as any man in America.

The couches that psychiatrist use seem like they're mighty comfortable and I'm afraid I might drop off to sleep while he's trying to find out what happened to me in early childhood. What I think I'll do

is to get him down on Hal's Lake and let him get what information he needs as we sort of drift along from one beam bed to the next. I just believe a boat is better than a couch.

### Opp's Stanley

#### Stresses

#### Pest Control

Committee chairman in charge of plans for Pest Control Week, April 1-6, were announced this week by John H. Cook, Decatur, State Chairman of the annual observance sponsored by the Alabama Pest Control Ass'n.

Chairmen were appointed from north, central and southern portions of the state to coordinate activities which will stress the importance of pest control to the community's health and economy.

Named by Chairman Cook included H. H. Stanley of Opp.

All men are prominent in the pest control industry, Cook said.

Pest Control Week will be climaxed by a symposium to be held April 5-6 at the Whitley Hotel, Montgomery, in which state and national authorities from Departments of Health and Agriculture, university professors, and other well-known specialists will participate.

In charge of arrangements for the pest control symposium are James Sims and Dewey Phillips, Montgomery, local co-chairmen.

JAMES S. FULLER  
Dies at Hospital  
J. S. Fuller  
Dies After  
Long Illness

James Samuel Fuller, 60, 1811 34th St., died at 8:35 Monday, March 4th at the Medical Center in Columbus, Ga., after a long illness.

Born in Coffee County, September 16, 1902, Mr. Fuller was a son of the late A. J. and Argie Strickland Fuller. He had been a resident of Columbus for years. He was a member of the Calvary Baptist Church and of the Rose Hill Lodge of Masons. He was credit manager of the Medical Center and a retired United States Army Major.

He was stewardship chairman of the brotherhood and Sunday School superintendent at the Calvary Baptist Church. Survivors include his widow Mrs. Mary Cecil Fuller, Columbus; four sisters, Mrs. John Shiver, Mary, Fla., Mrs. Howell Griswold, Brundidge, Ala., Mrs. J. A. Rodgers, Geneva, Ala., and Mrs. H. D. Tillman, Elba, Ala.; a brother, Clayton Fuller, Cairo, Ga., and several nieces and nephews. Interment was at the St. Johns cemetery near Brundidge, Alabama.

## Library News

Despite the fact that February was a short month in number of days, three libraries of the Cross Trails Regional Library Service showed an increase in circulation over the month of January. These were the Elba Public Library, the Cross Trails Regional Library, and the Cross Trails Regional Library.

The Cross Trails Regional Library Board met at headquarters library in Opp on March 4, 1963 for its regular quarterly meeting. Members present were Chairman John David Laster of Hartford, Mrs. Marie M. Pate of Castleberry, Mrs. Robert Wise of Opp, Mrs. E. T. Brunson of Samsom, and Mrs. Adele T. Amos of Brooklyn. Plans were discussed for the celebration of National Library Week which is April 21-27. All unanimously agreed to support this activity again this year. Major part of the meeting was utilized to discuss means of raising funds for the purchase of two much needed bookshelves in the not too distant future. At the present time both bookshelves are in good operating order but age is creeping up on each of them and the board would like to have funds ready to purchase new ones when the situation warrants it.

Twenty-seven seniors of the Pleasant Home High School visited the headquarters library in Opp on Tuesday and were given a tour of the library and instructed in the use of the card catalog which is an index to library holdings and Mrs. Jane Davis, cataloger for the region, taught them the use of the

Reader's Guide to Periodical Literature which is an index to magazines. After the library lesson, students worked on their term papers, receiving reference assistance from Harry Hickerson and Mrs. Davis and Mr. Johnson.

English teachers of Covington County were told that every student should know how to use indexes of the library when George C. Johnson of the Cross Trails Library staff met with that group on Thursday afternoon in Red Level. As colleges are demanding more and more research in their courses, he stated that it was imperative that high schools prepare prospective college students to use libraries effectively.

The speaker used a short movie "Know Your Library" and recordings and filmstrips to illustrate his talk. He was introduced by Mrs. Elizabeth Rountree who also arranged for the program.

James Samuel Fuller, 60, 1811 34th St., died at 8:35 Monday, March 4th at the Medical Center in Columbus, Ga., after a long illness.

Born in Coffee County, September 16, 1902, Mr. Fuller was a son of the late A. J. and Argie Strickland Fuller. He had been a resident of Columbus for years. He was a member of the Calvary Baptist Church and of the Rose Hill Lodge of Masons. He was credit manager of the Medical Center and a retired United States Army Major.

He was stewardship chairman of the brotherhood and Sunday School superintendent at the Calvary Baptist Church. Survivors include his widow Mrs. Mary Cecil Fuller, Columbus; four sisters, Mrs. John Shiver, Mary, Fla., Mrs. Howell Griswold, Brundidge, Ala., Mrs. J. A. Rodgers, Geneva, Ala., and Mrs. H. D. ## YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

## ACNE

Acne is so prevalent that some consider it normal in adolescents. About 80 per cent of adolescents are afflicted at one time or another with this skin disorder.

Acne vulgaris, the name for common acne, does not affect the general health, although it can upset the emotional life of young people. Acne vulgaris appears usually at that time of life when one wants to look his or her very best. To those

not afflicted, acne vulgaris may seem an insignificant disorder, but no other disease has caused such feelings of inferiority and depression.

There are two misconceptions regarding acne. One is that the affliction will be outgrown. While many young people with acne will experience spontaneous recovery without treatment, some will not. The other false belief is that the disease cannot be successfully treated.

Acne vulgaris can be remedied by proper and persistent treatment if the patient will cooperate with the physician. Early treatment is most important, for control of acne in its early phases will usually prevent scarring.

Acne is a disease of the sebaceous glands which normally secrete an oily substance called sebum, one of whose functions is to keep the skin pliable. When sebum moves out

through the glands at a slower rate than normal, it tends to collect as a plug, causing whiteheads and blackheads. An important concern with acne is the possibility of scarring, and, in recent years, abrasive treatment with whirling wire brushes has been used. This planing to remove scars is a benefit in carefully selected cases.

New Hope Junior High Cage  
Champions Honored At Banquet

The New Hope Junior High basketball team, winners of the Coffee County Junior Basketball Tournament, and their dates were honored Tuesday evening, February 26th, when the school faculty and Board of Trustees entertained them with a banquet in the school library.

The banquet tables were lovely. White place mats, ornamented with designs of green and gold, were used. Green and gold folded paper ribbons were artistically arranged along the center of the tables. Interspersed in this design were yellow tapers held by star candle holders of green. The beauty of the gold-colored place cards in the shape of loving cups and the green program booklets which depicted basketballs going through

the baskets.

Centering the speaker's table was an oblong design of yellow flowers and clusters of green and purple grapes.

Mr. Leon L. Hornsby was master of ceremonies. The invocation was given by Rev. Jerald Fordham, pastor of the New Hope Baptist Church.

Larry Lewis gave the "We Welcome Address" and Diane Fillingim gave the "Response." Their remarks were timely and well-rended.

Mr. Hornsby introduced each member of the team, who in turn introduced his guest.

The guest speaker for the evening was Mr. Raygean Burkett, principal of the Emma P. Flowers School of Ozark, and former basket-

ball coach in the Ozark High School. The pleasing personality of the speaker, and his words of wit and wisdom, were warmly received by the young people and adults present. At the close of Mr. Burkett's speech, Ricky Ellis presented a gift to him from the team and thanked him for his participation on the program.

Mr. Hornsby was taken by surprise when Mike Renfro stepped forward with a gift for him from the team. Mike expressed the team's genuine respect and admiration for Mr. Hornsby as their coach and principal, and thanked him for his untiring efforts in helping to make the team the tournament winner.

The mothers of the basketball team prepared the food for the banquet. They were assisted in serving by the following junior high girls: Frances Lott, Maxine Hussey, Jeanette Norton, Mavis Dyess, Brenda Dickey, and Linda Ann Chancey.

After the banquet, the honor guests, hosts, and other guests assembled in the school auditorium where they enjoyed dancing.

The members of the team and their dates present were: Larry Lewis and Diane Fillingim, Ricky Ellis and Ginger Wilson, Billy Allen and Faye Allen, Ted Fillingim and Kathy Sanders, Joe Wilson and Becky Sawyer, Eric Wilson and Juliette Johnston, Tim Bragg and Gwendolyn Griswold, Dan Wilson and Teresa Killingsworth, Mike Renfro and Linda Senn, Billy Eagerton and Fillingim, Eugene Hornsby and Margaret Wilson.

OUR BEST JOB is to sell you the best. All our work and parts are guaranteed! For quick service call us. We've got the know-how. Broadcast TV and Radio Service. Phone 897-2501.

TV SERVICE - To enjoy TV viewing at its best, see us. All our work and parts are guaranteed! For quick service call us. We've got the know-how. Broadcast TV and Radio Service. Phone 897-2501.

LOANS - We have connections to handle long term real estate loans on farms, ranches and timber land for \$20,000.00 and up. Brazelton Realty Co. 897-2339.

One-half cup of mashed potatoes added to butter and sugar when making a cake will keep the cake from drying out.

Clothes hampers should be thoroughly washed and deodorized several times a year.

A current trend shows that farmers are leaving the farm at the rate of more than three per cent a year. However, the number of commercial farms (farms with sales more than \$10,000 a year) is increasing three to four per cent a year.

Forty per cent of the farms in the United States produce 87 per cent of the nation's total agricultural output.

Farmers and ranchers use less than 100,000 pounds of insecticides on their crops and livestock each year.

uay, 'Dating Do's and Don'ts' was especially interesting to the teenagers.

A joint meeting with the boys' junior club was held in February, when the demonstration was on 'Lights and Lamp Building.' Mr. Fred Donaldson gave that demonstration.

The girls are now thinking of their essays on 'Safety' and the speaking contest on 'Cooperatives.' Some of the most talented in music are considering entering the talent contest.

There is nothing better than 4-H Club membership, and the New Hope girls have proven to be wide-awake 4-H'ers.

The New Hope Girls' Junior 4-H Club has had a wonderful year so far, and there are many things yet to come. The rally is always an enjoyable event and we can hardly wait until that time.

Mrs. Sara Hutchinson is the club's demonstration leader and Mrs. Jimmie Prestwood is the local leader.

The officers this year are as follows: president, Diane Fillingim; vice-president, Rhonda Griswald; secretary, Ginger Wilson; devotion leader, Audrey Griswald; county council representatives, Emma Jean Day and Teresa Hillingsworth; game leaders, Linda Senn, Ann Downing, song leaders, Kathy Sanders and Patsy Lott.

The programs this year have been thoroughly enjoyed by everyone. The October demonstration was on 'The Proper Way to Cleanse the Face.' In November the program was 'This Little Pig Went to Market.' 'Holiday Cookies' was the popular demonstration for December. Attractive and delicious cookies were baked and served at that meeting.

Another enjoyable demonstration was given in January.

On Tuesday, March 12, 1963 the Curtis Jr. 4-H Club held their regular meeting.

The meeting was called to order by Linda Donaldson. The group was led in a song by Ann McCay and Barbara Spann. Vivian Grimes gave the devotion. Patsy Flowers was the vice president led the Pledge of Allegiance to the American and 4-H Club.

The year 1914 was the second highlight period of 4-H when the Boys Corn Clubs and Girls Canning Clubs were joined to form the Alabama 4-H Clubs. A second highlight of 1914 was the establishment of the Cooperative Extension Service as a division of the United States Department of Agriculture and Land Grant College at Auburn.

The final highlight time of Alabama 4-H occurred recently in 1962 when Dr. Fred R. Robertson was appointed Director of the Auburn University Extension Service, and finally the Alabama 4-H Foundation to raise \$3 million to provide educational materials, promote junior and adult leadership training.

provided needed awards for 10-13 year old members provide awards for 14-21 year old members and provide 4-H camping facilities.

The third highlight happened in 1920 when L. N. Duncan was named the first Director of the Alabama Extension Service. His work in 4-H Clubs paved the way for this new assignment.

The years 1936-1938 was another important period in 4-H when assistant county agents were assigned to the counties to help in 4-H Club work.

Four-H Club Work received great stimulus from this important action.

Another highlight period in 4-H Club Work was 1948-62 when over forty new projects and stimulating activities that attracted interest of members, agents, parents and business friends of 4-H were added by state 4-H leaders. Some of the programs added were achievement, agricultural, beautification of home grounds, bread demonstration, dairy achievement, poultry, entomology, forestry, leadership, junior leadership, recreation, recreation, safety tractor operator, alumni recognition, training program for clothing leaders, 4-H work in 4-H schools, peanut, poultry fact finding, poultry chain, safety essay, wine, career exploration, dairy maid, automotive, state council meeting at Birmingham, and others.
